

# Lavatories

Available in rectangular and custom shapes, lavatories can be made in any color to match your Onyx shower. Many bowl styles, color options, edge profiles & thicknesses are available to fit both traditional & contemporary styling.

## Bowl Options

## Lavatory Measuring Hints

- Start with cabinet dimensions
- For each end that is not against a wall, add 1/2" for overhang
- Add 1" for overhang in the front, (add 1 1/2" for cabinets with full overlay doors)
- Center bowl between cabinet doors

# About Us

The Onyx Collection manufactures showers and lavatories, custom made-to-order to your specifications in almost any color, shape & size.

Founded in 1985, The Onyx Collection now employs over 500 in Northeast Kansas.

Quality products, our "Yes, Guaranteed Forever" guarantee, quick delivery, ease of installation & our unique chemistry & design have made us legends in the industry.

# Standard Showers

Standard Low Profile Base

Standard Shower bases are available in over 90 sizes & options. A standard size will work for most remodels and can be matched with our wall panels, shower accessories and shower seats.

# Custom Showers

Custom Shower base with Ultra Wide Caddy

Custom Shower bases can be made in any size & shape. Special drain locations, walk-in designs, angled curbs, glass block applications, ramp accessibility, and special angles are all possible with custom showers. Onyx wall panels, accessories and seats can be made any size to match the custom shower bases.

## Shower Base Measuring Hints

- Stud-to-stud measurements are the best
- How wide?
- How deep?
- Where is the drain located?

Most shower areas will match one of our many standard sizes

Custom shower bases can be made almost any shape or size
